

**CHANGE IN THE MEETING:** The following docket Numbers and Companies have been added on the Agenda scheduled for the July 29, 1998 meeting.

Item No.	Docket No. and company
CAG-44 .....	RP96-173-000, <i>et al.</i> , Williams Gas Pipelines
CAG-54 .....	RP89-183-081, Williams Gas Pipelines Central, Inc.

**David P. Boergers,**

*Acting Secretary.*

[FRL-6134-1]

### Agency Information Collection Activities Up for Renewal

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3506 (c)(2)), this notice announces that the Information Collection Request (ICR) listed below is coming up for renewal. Before submitting the renewal package to the Office of Management and Budget (OMB), EPA is soliciting comments on specific aspects of the collection as described below.

**DATES:** Comments must be submitted on or before October 2, 1998.

**ADDRESS:** U.S. Environmental Protection Agency, Assessment and Modeling Division, Emission Inventory Group, 2000 Traverwood Drive, Ann Arbor, MI 48105.

**FOR FURTHER INFORMATION CONTACT:** Carl Fulper, Telephone: (734) 214-4400, Facsimile: (734) 214-4939.

#### SUPPLEMENTARY INFORMATION:

**Affected Entities:** The entity affected by this action is the general public who own on-road motor vehicles.

**Title:** Mobile Source Emission Factor Survey—2060-0078

**Abstract:** The EPA Emission Inventory Group, through contractors, solicits the general public to voluntarily offer their vehicle for emissions testing. The owner is also asked to complete a multiple choice form of nine questions that summarize vehicle usage. There are two methods used to solicit the general public for participation in Emission Factors Program (EFP):

1. Postal cards are sent to a random selection of vehicle owners using State motor vehicle registration lists; and

2. A random selection of motor vehicle owners, who arrive at State inspection stations on an annual or biennial schedule, are solicited.

Information from the EFP provides a basis for developing State Implementation Plans (SIPs), Reasonable Further Progress (RFP) reports, are attainment status assessments for the National Ambient Air Quality Standards (NAAQS).

The legislative basis for the Emission Factors Program is Section 103(a)(1)(2)(3) of the Clean Air Act, which requires the Administrator to "conduct \* \* \* research, investigations, experiments, demonstrations, surveys, and studies relating to the causes, effects, extent, prevention, and control of air pollution" and "conduct investigations and research and make surveys concerning any specific problem of air pollution in cooperation with any air pollution control agency \* \* \*"

EPA uses the data from the EFP to verify predictions of the computer model known as MOBILE, which calculates the contribution of mobile source emissions to ambient air pollution. MOBILE is used by EPA, state and local air pollution agencies, the automotive industry, and other parties that are interested in estimating mobile source emissions.

The EPA would like to solicit comments to:

- (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; and
- (iii) Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated technology (e.g., permitting electronic submission of responses).

**Burden Statement:** Public reporting burden for this collection of information is estimated to average 10 minutes to 2 hours per response, including the time for reviewing instructions, completing the questionnaire, and delivering the vehicle for testing. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to:

Chief, Information Policy Branch, PM-223, U.S. Environmental Protection

Agency, 401 M St., S.W., Washington, DC 20460

and the Paperwork Reduction Project (OMB# 2060-0078),

Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503.

No person is required to respond to a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are displayed in 40 CFR, Part 9.

Send comments regarding these matters, or any other aspect of the information collection, including suggestions for reducing the burden, to the address listed above.

Dated: July 28, 1998.

**Michael G. Shields,**

*Director, Policy Budget and Planning Division.*

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-6133-6]

### Agency Information Collection Activities: Proposed Collection; Comment Request; Ambient Air Quality Surveillance

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit the following continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB): Ambient Air Quality Surveillance, OMB Number (2060-0084), EPA ICR # 940.16 expires March 29, 1999. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collections as described below.

**DATES:** Comments must be submitted on or before October 2, 1998.

**ADDRESSES:** Office of Air Quality Planning and Standards, Emissions, Monitoring, and Analysis Division (MD-14), U.S. Environmental Protection Agency, Research Triangle Park, NC 27711. Interested parties may obtain a copy of the ICR without charge from David Lutz, EPA, Emissions, Monitoring, and Analysis Division, MD-14, Research Triangle Park, NC 27711, telephone (919) 541-5476.
